7:15 p.m. Health Equity Planning

Transportation Planner Colin Bratton will discuss the Vermont Health Equity Planning project. The Windham Regional Commission has worked with our counterparts at RPCs around the State in the development of a toolkit as a guide for towns on local planning and policies to promote healthier communities. As part of this project the WRC has funding to work with towns on implementation projects to advance health equity in the region. This could include developing language for town plans and updated bylaws, planning for transportation projects that promote active transportation, or consultations for other ways to improve public health. *The WRC is asking Commissioners to report back to their town and discuss interest in working with the WRC on health equity implementation projects.*

7:30 p.m. Transportation Planning Update

Transportation Planner Colin Bratton will discuss the Vermont Transportation Planning Initiative and the WRC's transportation planning program. The WRC works with towns on a wide variety of transportation planning projects, from
