Sources:

- Town highway data are from Vt. Agency of Transportation sources (VGIS data layer RDSnmmnn) and were developed by digitizing 1989 1:5000 orthophotos and from GPS data collection for Enhanced 9-1-1. Data were corrected by WRC GIS staff in 2003 using digital orthophotos and information provided by officials from the Town of Windham.

- Surface waters are from the Vermont Hydrography Dataset (VGIS data layer SWmmmmnn). The dataset was generated at a scale of 1:5000 and was developed using digital orthophotos, topographic maps, color infra-red aerial photography and other ancillary data sources.
